Supportive Housing Programs

The Organization's Supportive Housing Programs target the most vulnerable people who need housing and service supports to remain in stable housing and live healthy lives. The target population includes individuals experiencing chronic homelessness as well as people who are inappropriately placed in institutional care settings, such as nursing homes and state hospitals, due to a lack of affordable housing options and/or inadequate community-based care. Integrated models of supportive housing and health services, which have been proven effective in improving housing and health outcomes for this population, share a common set of guiding principles and dimensions of quality.

Supportive housing is affordable rental housing with no artificial time limits on residency. Rent is adequately subsidized such that extremely low-income tenants can pay no more than thirty-percent of their gross monthly income for rent.

Supportive housing provides individuals access to immediate, permanent, quality affordable housing in their own apartments or homes without any preconditions or requirements for sobriety or treatment compliance to maintain housing. Residents of supportive housing hold their own leases and have the same rights and responsibilities as any other resident. Programs assertively engage residents and offer services to maximize housing stability, including regular communication with property managers, advocacy on behalf of residents and mediation of conflicts with landlords.

Individuals in supportive housing have access to a comprehensive array of flexible services including housing stability supports, income and benefits support, coordinated health and behavioral health services, twenty-four hour crisis intervention, employment services, diet/nutrition counselors, and recovery/wellness peer support specialists. Services are provided as needed to ensure successful residency and to support recovery and engagement in community life. Programs facilitate full integration into the community by providing direct assistance to tenants around employment, volunteer work, social activities and tenant-led community building activities.

Other Programs

The development and implementation of a Housing Crisis Resolution System (HCRS) by each Continuum of Care is a Federal mandate of the Department of Housing and Urban Development (HUD). As the lead agency for the Sacramento Continuum of Care, Sacramento Steps Forward (SSF), in partnership with its public and private partners, has implemented the essential building blocks of the HCRS.

The Sacramento HCRS partners with the County of Sacramento, three of the incorporated cities within its boundaries, five Property Based Business Improvement Districts, Sacramento Regional Transit, and the Central Library in a collective effort to fund nineteen homeless outreach workers referred to as Navigators. Each Navigator is equipped with hand held devices programmed with a vulnerability assessment tool called the Vulnerability Index - Service Prioritization Decision Assistance Tool (VI-SPDAT). This assessment tool assists SSF with prioritizing housing options for the most vulnerable individuals with the highest barriers to

housing.

As of 6/30/2016, Navigators have conducted the VI-SPDAT interview with more than 3,362 individuals experiencing homelessness. The outcome of this interview is a prioritized list of persons and their corresponding vulnerability compared to the overall population. This prioritization is weighted along with the individual's length of time experiencing homelessness and their qualification as a Chronically Homeless Person.

The result of this prioritization assists SSF with providing clients options for housing interventions. Interventions range from Permanent Supportive Housing (long term rent subsidy with services), Rapid Rehousing (short term rent subsidy with services) or referral to mainstream services and support networks with family and friends.

While outreach, assessment and coordination with housing/service providers is currently being brought to scale, the greatest challenge is the lack of available rental housing stock. Affordable rental units are increasingly more difficult to find as vacancy rates are at 8.2% (4.5% margin of error) and rental prices have increased this last twelve months by 13.5% (as compared to 5.5% nationally), based on YARDI and HUD reporting. This has created a back log of individuals seeking affordable units.

The decrease in rental stock and increase in the cost of rent has restricted opportunities for housing placement. With the highest needs population currently numbered at 1,432, it is anticipated that SSF will have access to 13%, or roughly

270 Permanent Supportive Housing units, that are likely to turnover during the course of the year. Individuals not able to access PSH can choose to access Rapid Rehousing, which SSF anticipates will accommodate approximately 667 individuals in a calendar year. In total, of the more than 3,000 individuals contacted by Navigators per year, only 10% will have access to subsidized housing.

Therefore, it is imperative that SSF utilize the services of its Housing Liaison to establish positive relationships with area property managers to ensure an appropriate number of units are secured for this population being served.

Beyond providing housing and available services, SSF and partnering private sector organizations are working toward the goal of expanding employment opportunities for individuals who have either stabilized in subsidized housing stock or can sustain employment while resolving their state of homelessness. Employment for those able to work is a critical component of assuring long term housing stabilization.

The Capital Region Employment Connect is a unique hiring event aimed at linking job ready participants from local homeless programs to Sacramento's top industries. The goal of this event is to help end homelessness in the region by solidifying long-term connections between employers and the programs that prepare homeless households to overcome challenges and barriers in entering the workforce.

The Homeless Management Information System (HMIS) is an electronic database used to house characteristic and service needs information of individuals experiencing homelessness. The program was developed in response to a mandate by Congress requiring states to collect data in order to receive funds from HUD to address

homelessness. HMIS allows agencies within the Continuum of Care to better provide services to the homeless population by collecting basic demographic and other information in a secure site.

Fifteen hotel rooms are utilized to serve clients in the Winter Motel Voucher Program which serves those individuals or families unable to access the Winter Sanctuary Program. Case management is provided by Next Move which develops individual service plans.

As the lead agency addressing homelessness in Sacramento County, the Organization is responsible for distributing and managing federal funds granted by the federal department of Housing and Urban Development for its Continuum of Care Program. Sacramento Steps Forward leads the effort, along with a dozen nonprofit homeless services providers, to determine the needs of Sacramento's homeless population and to apply collectively for these funds in order to provide housing and services to individuals and families experiencing homelessness in Sacramento County.

Form 990, Part III, Line 4d - Other Program Services Description

Winter Sanctuary

Winter Sanctuary is a seasonal emergency-shelter program for homeless men and women. Each winter, cold and wet weather conditions threaten the lives of nearly one thousand homeless men and women who live on Sacramento-area streets. The Winter Sanctuary Program was founded to meet the needs of these individuals. Comprised of a network of religious congregations under the leadership of Sacramento Steps Forward, Winter Sanctuary is the only winter shelter option for single, homeless adults. The program is primarily funded by the County of Sacramento.
